Mr burns. You are the most dispicical person I've ever known. You and the Rev Freddy Lee Phillips are the two biggest jokes I've ever seen. You two are the only members of your "association" other than your pen name Randy Taylor. It would take you and the Rev Phillips three lifetimes and you would never accomplish what Marvin Henderson and I have done in our short careers. You add a joke and the laughing stock of everyone who reads your rants. You know just enough about the auction business to be dangerous. You made a spectacle out of the only time I ever had a complaint and I was totally in the right. The consignor involved has been dead three years. That's what we call in the country "whipping a dead horse". You are a sick person. And I am glad I had a part in having you and the Rev Freddie Phillips removed from the licensing board and having the Rev Freddy Lee Philips Not appointed this term. I've conducted auctions in every major town in La. Real estate auctions from Califorina to Boston. Millions off dollars of farm machinery, over 55,000 horses one at a time over the last 45 years. What have you done. You have never been married. Never raised a child. Never lost a child. Never had a wife die a slow death from an incurible disease. What have you ever done besides try to tear down people who have worked hard to succeed , maybe made mistakes but rectified them. You and the Rev Freddy Lee Phipps are to be pitied Mr Robert Edwin Burns. Take my name off you list . I never want to see your name again. Sincery. Keith Babb

Greetings:

Highlights from the May 10, 2016 meeting of the Louisiana Auctioneer Licensing Board (LALB) meeting follow:

- **LAPA President Rev. Freddie Lee Phillips goes toe-to-toe with Gov. Edwards over Edwards' rescission of his LALB appointment and his reporting payroll fraud at the LALB & Interior Design Board.**
- **LAPA Vice President Robert Burns confronts LALB Member Jeff Henderson on reports he has allegedly permitted an unlicensed individual to conduct auctions at his firm, Henderson auctions, on at least four occasions, with the most recent being January 28, 2016.**

➤ Burns updates licensees on:

CE reinstatement,

Reports of former LALB Chairman Steinkamp potentially having residency issues which may have disqualified her from LALB membership, much less Chairmanship,

A prelude to LAPA's next big feature updating everyone on the Henderson Auctions / Blake & Sam Everett Federal litigation.

- Burns expresses his concern the **LALB is continuing a long-standing pattern of abusing Louisiana's Open Meetings Laws to shield from the public evidence of auctioneer abuses of bidders and consignors alike.**
- Burns expresses **concern that no auctioneer member of the LALB even seeks to attend the annual NAA / NALLOA convention** and comments on the **circumstances surrounding LAPA President Phillips request to attend that convention and the INCREDIBLE timing of Gov. Edwards' rescission of Phillips' appointment.**
- **Stipulation proposal entailing Bryan Hammock** (Virginia-based auctioneer).
- **Hearing entailing Joel Allen Murphy** (NSF consignor checks, no auction escrow account, potentially problematic benefit auction).

Thanks, and we look forward to updating everyone on the Henderson Auctions / Blake & Sam Everett Federal litigation in about a week or so.
