To Louisiana Senators, Fellow Auctioneers and Association Members:

I would ask you to take the time to read the letter concerning the possible appointment of Mr. Fredie Lee Phillips to the Louisiana Auctioneers Licensing Board (LALB) by Governor John Bel Edwards and the LA Senate Governmental Committee. I have been a licensed auctioneer in the state of Louisiana and many other states since 1993. I am currently president of the Louisiana Auctioneers Association (LAA), a long time member of the National Auctioneers Association and have been involved in the auction industry on a daily basis for the past thirty years.

After not being re-appointed to the LALB several years ago Mr. Phillips formed his own auction association under the name Louisiana Professional Auctioneers (LAPA) that has a membership count of two, with only one member (Mr. Phillips) holding a Louisiana auction license. He formed this association despite the fact that the LAA has represented auctioneers, associates and affiliated members for over 100 years. The LAA has been involved in the auction industry and has continuously brought lawsuits against the LALB which were lost by Mr. Phillips and to this day continually attends LALB meetings during which he causes major disruptions and challenges the LALB on any issue he chooses. He has been involved in the NAA and LAA for many years and has attended the LALB meetings to auctioneers in Louisiana and around the nation condemning the integrity and professionalism of the LALB and its members. Included in the transmissions the LAPA continually posts on the internet is a statement that they will not allow any member of the LAA to join their group and corrupt Mr. Phillips through his association has even had the audacity to slander distinguished LAA and NAA "Hall of Fame" members. These antics by Mr. Phillips and LAPA have been going on for over three years and have resulted in no new members joining the LAPA. In my view and all the auctioneers I have spoken with, Mr. Phillips is a bitter individual and seems to hold some kind of grudge against the auction process.

I encourage anyone who is involved in the decision to approve the appointment of Mr. Phillips to conduct a background check and/or visit his LAPA website <http://www.auctioneers-la.org> to assess his character.

As president of the Louisiana Auctioneers Association and representing its members, I would like to convey to anyone involved in this decision, we are unanimously against this appointment. We firmly believe that this appointment will do nothing but damage our industry and give shenanigans and create an unfavorable opinion by the public toward the auction industry.
